

# acoustic

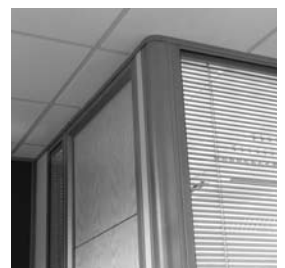

**framek**  
**door solutions**

Designed to assist in meeting projects where a DB rating is required. Our range can achieve up to 32 – 38 decibels when fitted in the correct frame.

- ▶ FD30 (= 32/33 DB) & FD60 (= 35/38 DB) options available
- ▶ 8 veneers in stock with many more available on request
- ▶ Factory glazed as standard
- ▶ 6/7 day turnaround (subject to availability)

In order to achieve the correct acoustic ratings there is a lot that needs to be considered. Our in – house engineering team are on hand to assist clients with the more demanding projects to ensure that it is a success from beginning to end.
